Note1 "Existing Stores" refer to stores that have operated for over 13 full months as of end of each month; therefore the number of such stores changes each month.

Note2 If the store would operate for more than two thirds of days in operation for the month, it is considered as the existing store.

Note3 In addition, the number of stores which are not included in existing store data is as follows.

The number of redecorated store..... 3 store

Note4 The above figures are not inclusive of our new types of business other than Italian restaurant "Saizeriya."

Note5 We estimate 2% positive impact on the existing store sales because of more number of holiday than that of last year.
